

PINAL DEVELOPMENT COMPANY IS NEARING A GREAT ORE BODY

In these days of promiscuous promotions by promising promoters, it is refreshing to run across a company that has been organized on such a sound basis as Pinal Development Company which is actively engaged in developing the Renfro Copper property in Pinal County, Arizona. Pinal Mine is situated on the Ray-Christmas copper belt in what is known as Dripping Springs Mining District and east of Ray Consolidated Copper Company which has been paying dividends for some time and the stock of which is now quoted on the New York Stock Exchange at \$25 per share. It is said by mining men that the next big district to be opened is the Ray-Christmas mineral belt.

It is conceded by some of the best authorities on copper mining in Arizona that Pinal is "one of the best copper properties under development in this state." It is also a well known fact that the management of the property is efficient and conservative and the work is being rushed without unduly hazarding a dollar of any stockholders' money.

The president and general manager of Pinal Development Company is J. C. Devine, who has been underground superintendent of mines for Ray Consolidated Copper Company for the last ten years and has witnessed the development of that property from a prospect, originally valued at a few thousand dollars into one of the world's greatest copper mines with blocked-out ore bodies worth tens of millions. Mr. Devine resigned his connections with Ray Co. to assume active management of Pinal Development Company. This has already proven most advantageous to the company and assures the stockholders of a successful and economical development of its properties. J. C. Devine unhesitatingly states that Pinal possesses the best copper property in Arizona now available for low cost speculation and investment.

Pinal Development Company was incorporated under the laws of Arizona in December 1915 and since that time two shifts have been engaged in pushing the tunnel to the contact which would tap the ore body at a depth of 500 feet and RIGHT AT THE PRESENT TIME ARE WITHIN A VERY SHORT DISTANCE OF THIS ORE BODY.

J. C. Devine and E. A. Tovey, a director of Pinal Development Company, returned from the mine yesterday. Devine states that THE TUNNEL IS LOOKING GOOD AND DEVELOPMENTS MAY BE EXPECTED AT ANY TIME.

PICNIC OF SETTLERS TEMPE OCTOBER 14

With the promise that the affair will be bigger and better than ever, the executive committee, after a meeting this week, announces that the annual Old Settlers Picnic will be held in Tempe October 14. The committee on arrangements includes C. O. Austin, who is president of the association, Mrs. J. C. Godwin, secretary and A. H. Bell and Mrs. J. H. Woods, members, are busy themselves outlining the preliminary movements, giving all indications that the picnic and reunion this year will be well up to its standard of former times.

Last fall the association was honored with the presence of Vice-President Thomas R. Marshall, Representative Carl Hayden and numerous of the state officials, and the committee members are in hopes of securing a similar representation at the picnic next week. The affair is to be held on the spacious lawn at the J. C. Godwin home and all of the pioneers of the valley, residents twenty years or longer and their families, are invited to attend.

FORGERY CASE

Acknowledging that he was guilty of forgery, Chris Villanueva waived examination in the local court Friday afternoon and Justice Austin bound him over to the Superior court under a six hundred dollar bond. A specific charge was brought against Villanueva when he cashed a five dollar check, signing the name of Laura F. Curry, at the A. A. Jones grocery in Tempe, the early part of the week. He was located in Phoenix day before yesterday and it later developed that he had also passed several checks in Phoenix, forging the signature of Mrs. Curry's name to all of them.

TODAY'S BAND MUSIC

A good musical program has been outlined by the band for its concert on the plaza this afternoon and with the

TRAVELING

Alexander Grunwaldt, coast to coast walker, has been in Tempe the last few days, and has an interesting story to tell of his experiences since he was here a year ago. Then he was enroute from San Francisco across the continent. He has been to New York and in North Carolina he joined the National Guard and again came west to do guard duty on the border. Recently he was discharged from the militia and now he is retracing his steps to California and Santa Barbara. Though but a youth, Grunwaldt knows the country well and when the yearning strikes him he doesn't hesitate to travel.

ON CAPITAL PUNISHMENT.

"The Abolishment of Capital Punishment" will be discussed by Reverend Rountree from the Christian church pulpit this evening at 7:45. Rev. Rountree has made a close study of this subject. Recently he paid a special trip to the state prison to secure data and he has searched every other source for all of the material possible. The other services at the Christian church today will be held as usual.

FOR COUNTY SCHOOL SUPERINTENDENT

C. W. Crouse, a Man of Long and Successful Experience

C. W. Crouse comes to the people of Maricopa County not as a partisan but as an efficient man to manage properly the affairs of the public school; he believes that a citizen may be a good partisan and good for nothing else; he brings to you long and successful experience as a teacher in mixed schools and as a superintendent of National, municipal and county schools, he possesses the necessary educational and industrial training a school superintendent should have.

For capability he refers all interested in school matters to such educators as the Superintendent of the Phoenix schools, the Presidents of our State Normal schools and to the State Superintendent of Public Instruction.

He has not a word of condemnation of his Democratic opponents—does not believe in that sort of campaigning—but asks the voting public to investigate to determine best fitness for the important position we seek. If chosen by you to direct the educational and industrial training of the school children of this county as School Superintendent he hopes to prove to you that your faith has been safely reposed.

VOCAL LESSONS TO BE GIVEN GRATIS

Two free vocal scholarships for a period of two years are being offered to boys between the ages of eight and ten years by William Conrad Mills. Mr. Mills believes that there are many boys who naturally possess good voices, but who lack the opportunity of securing special training, such as many boys get in eastern cities in the numerous church choirs.

There will be no cost attached to these scholarships, and the only obligation imposed will be that the boy practices regularly and that his parents take an interest in his vocal development. Applicants will be given a hearing next Wednesday, October 11th, between two and five o'clock in Mr. Mills' vocal studios in the Chamber of Commerce Building.

The boy having the best voice and an indication of musical talent will be given regular lessons in tone production and breathing exercises and be coached on songs suitable to his vocal development.
